

ACHIEVE PROCURE-TO-PAY PEACE OF MIND ...RIGHT NOW

PROTECT CASH AND REDUCE COSTS BY PROACTIVELY CHECKING TRANSACTIONS BEFORE PAYMENTS HAPPEN

This paid for itself on day one and has covered its cost many times over in the last 3 years. We are now able to prevent payment errors before they happen, protect our supplier spend and drive process improvement efficiencies.

Treasury Manager, Mitchells & Butlers

FISCAL Technologies' SaaS-based NXG Forensics® solution works behind the scenes with your existing ERP and AP systems—continuously finding any exceptions in supplier and transaction data. We see what your audit firm can't, and give you the real-time visibility and risk intelligence you need to protect your spend.

PROTECT CASH
Identify supplier overpayments before making any incorrect payments

REDUCE COSTS
Identify and remove inefficient invoice processing

ASSURE COMPLIANCE
Create peace of mind with strong financial control across your organisation

WHY MAKE SUPPLIER RISK MANAGEMENT A PRIORITY NOW?

The 2020 crisis fundamentally reshaped finance operations—from a growing virtual workforce and unexpected costs to limited cash flow and supply chain disruption. The Hackett Group's *2021 Finance Key Issues Study* provides valuable insight for finance leaders looking to adapt and thrive.
